

RITE NOW @ ROP

Uta Halee Academy (UHA) values the opportunity to create positive change within the community through outreach and service efforts. Community involvement not only creates lasting and meaningful partnerships, but also provides the students with the chance to make a real difference and see how their actions can have a positive impact on those around them.

The Student Government decided to focus their charitable efforts into supporting a worthwhile charity in their community by using funds raised through their weekly concession stand to “make a difference.” UHA’s Student Government went to Walmart and purchased toys, clothing and school supplies for the kids who walk through the doors of a local charity called Project Harmony.

Project Harmony provides effective, immediate and sensitive support to child abuse victims and their non-offending family members. A highly child-centered program and facility, Project Harmony has assembled a multi-disciplinary team of law enforcement, social services, medical and referral professionals who work together to protect children. This collaborative approach strives to ensure that children are not further victimized by the systems intended to protect them.

The items donated by Uta Halee’s Student Government will go directly to the children at Project Harmony and help support the organization’s mission of ending the cycle of child abuse, and creating an opportunity for hope and positive change.
